New Name and Updated Constitution for Innamincka Petroleum Limited

Date: 4 July 2011

Pursuant to recent significant changes at the Company including board and management, ownership, funding and strategy, the Company will seek approval from shareholders for a rebranding of the Company to "Acer Energy Limited".

Innamincka Petroleum Limited is proposing the new identity to fully evidence this change and mark the Company's new direction and focus going forward. Shareholders will be asked to approve the change at a General Meeting to be held on 5 August 2011. The Company's constitution is also being updated to bring it into line with current corporate practice.

The rebranding of the company reflects the renewed focus of a significantly restructured and reinvigorated organisation. The name Acer Energy has been selected to reflect the eager, keen and rapid growth culture of the company as well as an acknowledgement of the company's past exploration successes.

Innamincka Petroleum Chairman, Mr Nick Davies said: "We want stakeholders to understand that this is a significantly refocused and reenergised business and our goal is to pursue rapid growth. The rebranding of the company as Acer Energy will also importantly provide a fresh identity for investor recognition within our industry. The new identity goes beyond the superficial however and points clearly at a company with a new strategy, new management and a changed investor base."
